Title: HEADSET VIDEO RECORDER

Box NON-FEE AMENDMENT
Commissioner for Patents
Washington, D.C. 20231

SEPARATE SHEET

- 1 2. (Amended) A headset video recorder comprising:
2 a head assembly for securing to [the] a head of a user;
3 a data recorder coupled to the head assembly; and
4 a camera, communicative with the data recorder, coupled to the head assembly.
- 1 3. (Amended) The headset video recorder of claim [1] 2, further comprising a power source for
2 the camera and the data recorder.
- 1 4. (Amended) The headset video recorder of claim [1] 2, wherein the data recorder is coupled to
2 a housing of the head assembly.

1 5. (Amended) The headset video recorder of claim [1] 2, wherein the camera is coupled to a
2 housing of the head assembly.

1 6. (Amended) The headset video recorder of claim [1] 2, further comprising an infrared sensor
2 for receiving signals for controlling at least one of the camera and the data recorder.

1 7. (Amended) The headset video recorder of claim [1] 2, further comprising an audio receiving
2 element.

1 8. (Amended) The headset video recorder of claim [1] 2, wherein the data recorder is digital.

1 9. (Amended) A headset video recorder comprising:
2 a first assembly for securing to [the] a head of the user;
3 a first housing coupled to the first assembly;
4 a second housing coupled to the first assembly;
5 a second assembly coupled to at least one housing;
6 a data recorder coupled to one of the first assembly, second assembly and the at least one
7 housing; and
8 a camera coupled to one of the first assembly, second assembly and the at least one
9 housing, wherein the camera communicates with the data recorder.

1 10. (Amended) The headset video recorder of claim [8] 9, further comprising an infrared sensor
2 for receiving signals for controlling at least one of the camera and the data recorder.

1 11. (Amended) The headset video recorder of claim [8] 9, further comprising an audio receiving
2 element.

1 12. (Amended) The headset video recorder of claim [8] 9, further comprising at least one power
2 source to provide power to the camera and the data recorder.

1 13. (Amended) The headset video recorder of claim [8] 9, wherein the data recorder is digital.

1 14. (Amended) A headset video recorder comprising:
2 means for attaching to a head of a user;
3 [mean] means for recording data;
4 means for attaching the means for recording data to the means for attaching; and
5 means for receiving video data for recording by the means for recording.

1 16. (Amended) The headset video recorder of claim [14] 15, wherein the digital data recorder is
2 coupled to one of the first and second housing.

1 17. (Amended) The headset video recorder of claim [14] 15, further comprising an infrared
2 sensor for receiving signals for controlling at least one of the camera and the data recorder.

1 18. (Amended) The headset video recorder of claim [14] 15, further comprising an audio
2 receiving element.

1 19. (Amended) The headset video recorder of claim [14] 15, further comprising at least one
2 power source to provide power to the camera and the data recorder.
